

## PIG® Barrel Top Absorbent Mat

MAT208 Heavyweight, For 55 gal. drums with 2 bungs (.75" Dia. and 2" Dia.), 25 pads per box

Keep your drum tops clean from pump drips and spills with this box of perfect-fit absorbent barrel-top mats.

- Barrel top mats fit on top of standard dual-bung 55-gallon steel drums and capture liquids spilled while pumping
- Prevent minor sloppiness, big messes and everything in between
- Heavyweight mats are built to last without ripping, tearing or falling apart, even when saturated
- Soak up drips, leaks and spills with pads that absorb industrial liquids from coolants and oils to solvents, water and more
- Box is wall-mount capable for convenient dispensing and storage (template printed on back of box, mounting hardware not included)
- 55-gallon-drum absorbent pads are made partially from recycled materials
- Can be wrung out and incinerated after use to reduce waste or for fuels blending
- Mats take on the properties of absorbed liquids; always take proper precautions when handling saturated absorbents
